Pledge of Allegiance led by President Christopher O'Connor.

Public Comment

1. **Jack Hulslander** – Spoke regarding past issues when building his garage. Reported having a valid permit but was told by the previous manager to remove materials. Discussed hiring attorneys and expressed frustration with prior treatment. Council acknowledged his comments.
2. **Bandstand Committee Update – Bill Brasington** of the Troy Historical Society provided a report on the Troy Memorial Bandstand project.
 - " The project is on schedule and supported by both the Borough Council and Bradford County Commissioners.
 - " Fundraising is going well with over \$40,000 raised and a \$15,000 matching grant from the County Commissioners through the Historical Society.
 - " Hunt Engineering is handling all design, ADA compliance, and bid processes.
 - " The committee emphasized “not a penny more” from Borough funds beyond the original engineering expenses.
 - " Estimated total project cost is between \$60,000–\$80,000, with completion planned by **Memorial Day 2026**.
 - " 8 or more local contractors have expressed interest in bidding.

3. Councilman John Davis discussed his prior “no” vote, explaining his concern that taxpayer money should not be used upfront for engineering costs if projects stall. Committee members reaffirmed that Borough contributions are limited to engineering costs only.
4. **Charlie Earle** – Presented an alternate plan for the Bandstand project, stating the work could be completed for less cost. Suggested removing overhead wires, running electric underground, repairing steps, and using volunteer labor. Council thanked Charlie for his input and encouraged him to work with the committee.
